CONTENTS

Vol. 144, No. 1, September 1984

Acidic glycopeptides isolated from young human aortas. *J. Aikawa, H. Munakata, M. Isemura and Z. Yosizawa* 1

Protective effect of the serum against cellular damage by active oxygen in culture. *T. Ogasawara and M. Kan* 9

Induction of ovulation with an estrogen antagonist, tamoxifen. *A. Tsuiki, S. Uehara, K. Kyono, A. Saito, K. Hoshi, H. Hoshiai, M. Hirano and M. Suzuki* 21

Evidence for endogenous dopaminergic control of mineralocorticoids secretion in normal subjects and in patients with hyperaldosteronism. *Y. Shimizu, K. Hanew, S. Sato, A. Sasaki, O. Murakami and K. Yoshinaga* 33

The effect of heart rate and left ventricular end-diastolic pressure on the direction of ST segment displacement in acute ischemia. *E. Ino-Oka, S. Kitaoka, Y. Shimizu, H. Kyono, K. Maehara, Y. Maruyama, K. Ashikawa, S. Isoyama, K. Tamaki, S. Satoh, H. Suzuki, N. Ishide and T. Takishima* 43

Results of surgical treatment of gastric cancer—special reference to pathological findings. *K. Yoshida, H. Ikeuchi, K. Kano, T. Machida, M. Takahashi, Y. Miura and N. Miura* 57

Lack of cross-reactivity between human placental and rat liver glucocerebrosidases. *K. Iijima* 63

Problems in localization of bleeding sites and the incidence of varicose rupture in emergency endoscopy. *S. Asaki, T. Nishimura, A. Sato, H. Sato and Y. Goto* 69

Prognostic evaluation of early detection of relapse in adult acute leukemia. *S. Kawamura, H. Tohno, I. Abe, A. Saito, T. Yamaya, H. Aoyama, Y. Haneda, Y. Chiba and Y. Yoshida* 77

Role of rice in dietary cadmium intake of farming population with no known man-made pollution in japan. *T. Watanabe, A. Koizumi, H. Fujita, M. Kumai and M. Ikeda* 83

Chromatographic elution profiles of angiotensin converting enzyme measured by the methods using different substrates in the plasma from normotensive and hypertensive subjects. *K. Otokida, M. Nakamura, K. Kawamura, S. Kanazawa and M. Kato* 91

Short Report

Enzyme immunoassay for subgrouping human rotaviruses using monoclonal Antibodies. *O. Nakagomi, T. Kutsuzawa-Nakagomi, H. Oyamada, T. Suto and A. Ochi* 105

Vol. 144, No. 2, October 1984

Bradykinin receptors in rat uterine smooth muscle: studies using radiolabeled ligand binding. *M. Yasujima, P.G. Matthews and C.I. Johnston* 107

Hypotensive effect of captopril and decreased rat uterine bradykinin receptors. *M. Yasujima, P.G. Matthews and C.I. Johnston* 119

A case of insulin resistance associated with acanthosis nigricans. *N. Fukushima, N. Matsuura, Y. Nohara, H. Fujita, M. Endo, K. Abe, S. Kosaka and S.*

Satomi 129
Spontaneous aortic lesions in marine turtles. *T. Toda, Y. Toda and F.A. Kummerow* 139
Effect of prostaglandin synthetase inhibitors on platelet aggregation and thromboxane production in diabetes mellitus. *J. Watanabe, F. Umeda, T. Wasada and H. Ibayashi* 143
Chromosome analysis in couples with recurrent abortions. *K. Soh, A. Yajima, N. Ozawa, Y. Abe, T. Takabayashi, S. Sato, S. Sou and M. Suzuki* 151
Reconstruction of lymph follicles in the mouse popliteal lymph node after X-irradiation damage. *H. Hoshi, K. Yoshida, K. Kamiya and H. Aijima* 165
Guanylylimidodiphosphate enhances the vasopressin- and vasotocin-induced osmotic water flow with no effect on the sodium transport of the frog bladder. *F. Marumo* 183
Effects of immunosuppressive acidic protein on DMBA-induced pancreatic cancer in rats. *S. Matsuno, T. Ejiri, M. Kobari, H. Yamauchi and T. Sato* 189
Significance of the equilibrium constant between serum ascorbate radical and ascorbic acids in man. *R. Sasaki, T. Kobayasi, T. Kurokawa, D. Shibuya and S. Tero-Kubota* 203
Simultaneous and serial measurement of serum levels of human placental lactogen, beta-human chorionic gonadotropin and unconjugated estriol levels in pregnant women. *N. Furuhashi, Y. Tachibana, O. Shinkawa, M. Hiruta, T. Takahashi and M. Tanaka* 211

Short Report
Extraction of fibronectin from human normal and cirrhotic livers. *M. Isemura, H. Munakata, M. Kosakai, M. Nomoto, Y. Aoyagi, F. Ichida, H. Nagai, M. Motomiya and Z. Yosizawa* 217

Vol. 144, No. 3, November 1984

Arousal response induced by postural changes in patients with subacute myelo-optico-neuropathy, "SMON". *R. Nakamura, K. Kosaka and R. Hanakago* 219
Fractionation and characterization of urinary heparan sulfate excreted by patients with Sanfilippo syndrome. *A. Kimura, S. Hayashi, M. Koseki, H. Kochi and K. Tsurumi* 227
Reduction of acetoxymethyl-methylnitrosamine-induced large bowel cancer in rats by indomethacin. *T. Narisawa, P. Hermanek, M. Habs and D. Schmähl* 237
The effect of insulin-dextran complexes on the protein synthesis in the primary monolayer culture of adult rat hepatocytes. *T. Nakai, Y. Kutsumi, Y. Sakamoto, K. Oida, S. Miyabo and R. Takeda* 245
Effects of phospholipase A_2, lysophosphatidyl choline, and fatty acid on the acrosome reaction of human spermatozoa. *K. Kyono, K. Hoshi, A. Saito, A. Tsuiki, H. Hoshiai and M. Suzuki* 257
Photodynamic inactivation of bladder cancer cells (MGH-U1) sensitized with acridine orange and irradiated by argon laser. *S. Ishikawa, R. Nemoto, S. Kanoh, K. Kobayashi and S. Ishizaka* 265
The development of glucose metabolism in infants of diabetic mothers. *Y. Wako and S. Kimura* 273

Elevation of plasma high density lipoprotein-cholesterol in spontaneously diabetic Chinese hamsters. *M. Eto, K. Watanabe, Y. Iwashima, A. Morikawa, T. Takebe and K. Ishii* 281
Sulfated proteoglycans synthesized in myometrium of the estrogen-treated rabbit. *H. Munakata, M. Isemura and Z. Yosizawa* 291
Serum cortisol levels in maternal venous, umbilical arterial and umbilical venous blood at delivery in the cases of fetal distress. *H. Kohno, N. Furuhashi, T. Fukaya, O. Shinkawa, Y. Tachibana and M. Suzuki* 299
Effect of estradiol, prostaglandin E_2 and prostaglandin $F_{2\alpha}$ on incorporation of [^{3}H]uridine by preimplantation mouse embryos in vitro. *S. Uehara, C.A. Villee and H. Hoshiai* 305
Effects of drug-induced reduction in oxyhemoglobin affinity on survival time of mice in severe hypoxic conditions. *T. Kugimiya, K. Suwa, Y. Inada, K. Mayuzumi and T. Kasama* 315
Preparation of anti-Le^a and anti-Rh$_o$ (D) sera by immunization with blood group substance trapped in autologous red cell ghost. *T. Yokoi, K. Sagisaka and M. Iwasa* 321

Short Reports
Abnormal sodium and potassium metabolism in orthostatic dysregulation in childhood. *M. Uchiyama, T. Otsuka, Y. Shibuya and K. Sakai* 327
"Enveloped" rotavirus particles detected in culture fluid. *H. Suzuki, T. Konno, S. Kitaoka, T. Sato, A. Imai, F. Tazawa and N. Ishida* 329

Vol. 144, No. 4, December 1984

Effects of high-K low-Na, diltiazem, caffeine and Ba on spontaneous fluctuating contractile activities in rat cardiac muscle. *N. Ishide, H. Watanabe and T. Takishima* 331
Influence of Obstructive jaundice on gastric mucosal barrier in dogs. *J. Kameyama, S. Momono, Y. Konno, I. Sasaki and T. Sato* 343
Measurement of brain atrophy of aging using x-ray computed tomography: sex difference in 1045 normal cases. *S. Takeda and T. Matsuzawa* 351
Brain atrophy and cerebral infarction. *S. Takeda, T. Matsuzawa and H. Yamaura* 361
A clinical profile of insulin-dependent diabetes with islet cell cytoplasmic and cell surface antibodies. *H. Ohgawara, I. Takei, T. Maruyama, T. Shinjo, T. Wasada and Y. Hirata* 369
The effect of increased gastrin release on lower esophageal sphincter pressure. *M. Watanabe, C. Sugawa, T. Hatafuku and S. Mori* 377
Role of lipid A in the production of tumor necrosis factor and differences in antitumor activity between tumor necrosis factor and lipopolysaccharide. *K. Haranaka, N. Satomi, A. Sakurai and O. Kunii* 385
Virological classification of autopsy livers with hepatic disorders. *M. Tsujikawa, T. Akiba, H. Ohori, A. Fujiyama, K. Matsubara and N. Ishida* 397
Radiation therapy of carcinoma in the rectum and sigmoid colon. *H. Asakawa, H. Otawa, H. Saito and K. Nemoto* 409
Prostaglandin E_2 production by human bone marrow cells: a comparison with peripheral blood mononuclear cells. *Y. Nakayama, T. Shindo, T. Akihama and A. B. Miura* 417

Enhanced prolactin secretion in patients with primary hypothyroidism during thyroid replacement. *S. Sato, K. Hanew, A. Sasaki, Y. Shimizu, O. Murakami, H. Fukazawa, T. Sakurada, S. Saito and K. Yoshinaga* 425

Short Report

Successful treatment of the crisis of scleroderma by enalapril maleate (MK-421). *K. Ogawa, T. Kurose, T. Kuwahara, K. Ishikawa, M. Matsunaga, Y. Nakamura, C.H. Pak, A. Hara and C. Kawai* 433
